

**Partnership Work Programme  
Partnership Call 2021  
Potential Research Topics – Classifications**

Document: P-PRG-GUI-086  
Approved: Programme Manager

Version: 1.0  
2021-01-04

To assist EURAMET in the early stages of reviewing the Potential Research Topics (PRTs) submitted at Stage 1, the submitter is asked to associate their PRT with a “Classification” from the list below. This is only used to make it more likely that similar topics are reviewed together.

The Classifications for the 2021 call are:

<b>TP</b>	<b>Classification</b>
Green Deal	EU’s Climate ambition for 2030 and 2050 (CLIM)
	Clean, affordable and secure energy. Sustainable and smart mobility (SCEN)
	Clean and circular economy. Preserving and restoring ecosystems and biodiversity (CCEC)
	Building and renovating in an energy and resource efficient way (EFCY)
	Zero-pollution ambition for a toxic-free environment (ZPOL)
	Fair, healthy and environmentally friendly food system (FDSY)
	Other (OTHR)
Normative	Strand 1 – Standardisation (STAN)
	Strand 2 – Regulation <sup>i</sup> (REGU)
Research Potential	Research Potential (RPOT)

<sup>i</sup> The “strands” are defined in the scope for this TP
