

Introduction

Tanasko Tasić
EURAMET Capacity Building Officer

Webinar on
EMPIR Research Potential Call Scope 2019,
12 December 2018

Motivation for organising the webinar

Discussion at the 2018 Annual meeting of the EURAMET BoD Working Group for Capacity Building

The Scope of EMPIR Targetted Programme „Research Potential“ (RPT) has changed

It is necessary to explain the change and encourage discissuion among potential authorts of 2019 RPT Potential Research Topics (PRT) soon enough, to support the Stage 1 of RPT Call.

Participants of the webinar*

Experienced project coordinators

Less experienced researchers that already participated in a JRP or drafted a PRT

Researchers never participating in a PRT or JRP but considering to do so

A JRP evaluator

Representatives of all approved EMNs (Quantum Technologies, Laboratory Medicine, Smart Electricity Grids, Energy Gases, Climate and Ocean Observation) and EMNs in development - EMN on Biological Radiation Effects)

3 EMN Champions

EMPIR representatives

EURAMET representatives

31 participants coming from:
BA, BE, CH, DE, EE, ES, FI, FR,
IE, IT, MD, MK, RO, RS, SK, UK

Almost all from NMI/DIs

*) based on registration status on 11 December
